Park Mount Care Home and Keele Crescent Respite Care Home

Essential information for people who are thinking of applying to our homes and for those who already live here.

Introduction

We have produced this information to help people who are thinking of applying to come to one of our homes, and those who already live in the home, know what to expect from us.

A copy of our policy & procedures for residents is available via our website, alternatively you can request a hard copy from our administration team.

The information can be produced in different formats in line with individuals' communication needs. If you need an alternative format please contact us.

We would like you to carefully read the information you find in the guide. Please keep the information in a safe place so that you can refer to it as necessary.

Please do not hesitate to ask staff members or the home manager if you need help to read or understand any parts of the guide.

If there are any changes made to the home, we will also change the information in the guide so that you are fully kept up to date with what is happening.

Mission Statement

We acknowledge that people are individually created in the image of God, from whom they receive their unique dignity.

In our communities, we support each other and respect our various gifts and talents. Our relationship is marked by love and acceptance of each other. We stand up for justice, peace and God's creation. Hospitality is one of our cherished traditions.

In solidarity with the poor, we maintain a simple life style. We respect their dignity and uphold their right to quality service. In this, we collaborate with others. With an open mind, we adapt to the needs of the time. Our Pallottine charism is expressed through our 'Union of the Catholic Apostolate' Our example of hopefulness and trust in God is a sign of hope in today's world.

Who owns and runs the home?

Park Mount Care Home and Keele Crescent are owned by Pallottine Missionary Sisters who are a registered Charity No. 234185 whose registered address is the same as for the Home above.

It is registered with the CQC as a care home (without nursing). The *registered person*, who is responsible to the CQC for the welfare and safety of the people who live in the home, is Fr. John J Martin.

The *registered manager* is Steven Axon who is responsible for everything to do with the day to day running of Park Mount Care Home.

Park Mount Care Home is registered with the CQC to provide accommodation as well as personal and support care to 40 people who are over the age of 65 years, who have physical disabilities and/or dementia. The home is fully insured in line with the statutory requirements.

We can be found in a quiet residential area close to Macclesfield town Centre with easy access to other major places by public transport. The house is a purpose built detached property set in large well-maintained landscaped gardens and grounds.

Our Philosophy Values and Aims

Park Mount Care Home opened in 1984 as a private retirement home for 20 people who felt they were not safe or happy living on their own and who wanted a level of care, support and company in a homely environment. Most of our residents have come from the local area and many continue to remain in touch with families, friends and the local community.

At Park Mount Care Home, we value each and every individual who comes to live here. We welcome applications from people over 65 years from all walks of life and with many different needs, who enjoy the opportunity to share and celebrate the richness and diversity of their experiences. We can assure everyone who comes to live in our home that they will be treated with respect and dignity according to their individual needs and wishes.

We value diversity, equality and inclusion and do not discriminate against anyone, who thinks about coming to live here, irrespective of ethnic or cultural backgrounds, religion or sexuality.

Several of our older residents and most people who now apply to live here need higher levels of care and support than when we first opened.

We have responded to these changes by improving our material and staffing provision, without losing sight of our original aim of providing a “home from home” and a large family atmosphere.

If You Are Thinking of Coming to Live at Park Mount Care Home...

We provide everyone who enquires about coming to live here with this information.

We always encourage you, your family and friends to visit the home before continuing with or completing your application. If you are still in hospital at the time of applying we are able to visit you there to tell you about the home and show you what we have to offer.

We welcome applications from people who will receive help from the local authority with their fees and from people who will pay their own fees. In line with the requirements of the local authority and the national care standards we make sure that the needs of everyone who is thinking of joining us are fully assessed.

We carefully consider each application, which could include consulting staff and other people who live in the home. Depending on vacancies, we will usually make a decision to offer a place within seven days. Where there is no current vacancy, it is possible to place an applicant on a waiting list. We can confirm all decisions in writing to everyone concerned if asked to do so.

Once you have come to live in our home we make every effort to provide you with the care and support that you need. We will ask you for and will take into account your wishes and feelings in everything that we do for you. We will make sure that you are kept safe from harm of any kind and with you will carefully assess and support you to deal with any risks to your safety and wellbeing.

Quality assurance

To ensure good quality within the home:

- we involve the residents and their relatives in the development of the home by consulting them and keeping them fully informed of changes, including quarterly meetings
- we regularly seek relative and residents opinions on the quality of the services we offer so that we can continue to improve on them
- the managers keep a close eye on what is happening within the home
- we provide staff with regular supervision and training
- we take all complaints seriously and endeavor to rectify these in a timely manner
- all residents and relatives are made aware of their right to make a formal complaint and how the complaints procedure works
- we have a duty of candour to always let you know that if we make mistakes over any part of your care we will let you know and how we have or will put matters right.

Our last resident and relatives' survey suggested that most residents and their relatives enjoyed the warm, homely atmosphere of the home and enjoyed living here. They made some useful suggestions about improving the social activities, the appearance of some of the rooms and how to make better use of the gardens. We are acting on these suggestions in our development plan. People said:

"I am happy here and satisfied with everybody and everything at the home. I can recommend the home to others."

"I have found the management and staff very willing and helpful and I can approach them at any time."

"I can always take my concerns to the manager who will always listen to me and do something about them."

"The food is very good, and I can choose to eat what I like."

"We residents are always put first."

If you have a complaint, please let us know in the first instance so that we may resolve it.

“My mum went into Park Mount recently. She has Dementia and has come on leaps and bounds. She absolutely loves it there.

The staff are always smiling and friendly, nothing is too much trouble for them. The atmosphere is so caring, friendly and upbeat.

Every time I go, I get an update on the things she has been doing and the activities she has enjoyed. I actually feel surplus to Mum's requirements now as she is so busy and interested in everything that is going on.

Thank you so much for easing the worry about her going in to a home, I know she is in good kind hands.”

Important Contact Details

Medical services

If you come to live in the home you might wish and it might be practical for you to keep your GP and other healthcare service providers (eg dentist, optician, hearing and mobility aids, etc).

If you need new medical and service providers we will help you to register or have access to them using services that are well known to and endorsed by our residents.

We will always be available to contact the emergency services when required.

Additional Information

There are other organisations that you should know how to contact if you need to.

- If you have a positive experience and would like to give us a review you can do this by visiting the website www.pallottinemissionarysisters.co.uk
- The CQC invites people who use registered services to share their good or bad experiences with them by phoning 03000 61 61 61, sending an email to enquiries@cqcher.org.uk, or completing an online form at www.cqc.org.uk.
- If you are concerned about possible ill treatment, neglect of your needs or abuse occurring anywhere in the home, which we regard as unlikely, you should know that you can contact the local safeguarding adults board, who will respond to your concerns.

If you need to discuss or review any part of your care with someone from the local authority you should contact the adult social care department on or at Cheshire East Council Assessment Team, Tel 0300 123 5010

- You might also wish to have independent help when taking decisions about your care and treatment, which you can get by contacting, for example, the local branch of Age UK or the Alzheimer's Society.
- Links <https://www.ageuk.org.uk> <https://www.alzheimers.org.uk>
- We will always provide other information on local services as they are required.

In the event of any change of registration

Park Mount Care Home will always keep you informed in the unlikely event of it closing or changing ownership of what any such change might mean for you in line with its registration requirements. You can be assured that the CQC will have been notified of any such change and will be actively involved in any transition or transfer of responsibilities together with the local authority.
